

# Kiki

99 RM

Recommended Uses: Grain

## Management Recommendations

<b>Planting</b>	Has worked well in lighter soils at lower populations but shines in wet heavy soils at average to above average populations. Wide area of adaptation across a broad range of soil types. Can be planted late in the spring if needed. Can handle wet feet. This hybrid goes north really well.
<b>Early Season</b>	Will respond well to side dressing if this is an option. Can be pushed with fertilizer if the season looks to be setting up well.
<b>Mid-Season</b>	Very good tolerance to Goss's Wilt. Not overly responsive to fungicide. Fends off leaf disease well.
<b>Late Season</b>	Stronger stalks and roots to hold the high yields that are setting up. Flexes ear size with population.
<b>Harvest</b>	Good test weight on girthy ears with deep kernels. Excellent drydown. Harvest sooner rather than later due to fast dry down.

## Placement Recommendations

<b>Heavy Soils</b>	9 Excellent
<b>Medium Soils</b>	9 Excellent
<b>Light Soils</b>	5 Average
<b>Poorly Drained</b>	9 Excellent
<b>Dryland Performance</b>	7 Good
<b>Irrigated Performance</b>	9 Excellent
<b>Corn after Corn</b>	7 Good
<b>Late Planting</b>	9 Excellent
<b>High Population</b>	7 Good
<b>Low Population</b>	7 Good
<b>Foliar Fungicide Response</b>	5 Average
<b>Northern Corn Leaf Blight</b>	7 Good
<b>Gray Leaf Spot</b>	5 Average
<b>Common Rust</b>	7 Good
<b>Goss's Wilt</b>	9 Excellent
<b>Anthrachnose Stalk Rot</b>	7 Good
<b>Tar Spot</b>	Data Not Available

**Kiki is a broadly adapted hybrid that maintains yield across a wide array of environments.**

## Characteristics

<b>Flowering for Maturity</b>	Early	<b>Cold Tolerance</b>	7 Good
<b>Grainfill Period</b>	Long	<b>Heat Tolerance</b>	7 Good
<b>Plant Height (in)</b>	112	<b>Drought Tolerance</b>	5 Above Average
<b>Ear Height (in)</b>	40	<b>Native Insect Tolerance</b>	4 Industry Average
<b>Ear Flex</b>	Great	<b>Greensnap</b>	7 Good
<b>Ear Length (in)</b>	8	<b>Root Quality</b>	7 Good
<b>Ear Girth</b>	Very Girthy	<b>Stalk Quality</b>	7 Good
<b>Kernel Rows</b>	18-20	<b>Fall Appearance</b>	7 Good
<b>Cob Color</b>	Red	<b>Staygreen</b>	7 Good
<b>Husk Cover</b>	Medium	<b>Drydown</b>	9 Excellent
<b>Emergence/Early Vigor</b>	7 Good	<b>Testweight</b>	7 Good
