

Lola

79 RM

Recommended Uses: Grain, Silage, Earlage, High-Moisture Corn

Management Recommendations

Planting	A fast-emerging hybrid good for cold tough soils. Plant 2.5 to 2.75 inches deep. Ear size does flex. Plant at standard populations but will also do very well at lower populations. Do not plant after May 25th. Works on all soil types and cropping systems. Especially suited for no-till. A good option for corn on corn rotations.
Early Season	Rapid early season growth. Canopies early. Excellent choice for organic acres and will handle dry periods. Develops a strong root system.
Mid-Season	Flowers early to allow for longer grain fill period. Check for leaf disease; spray if showing any leaf disease for top yields.
Late Season	Taller hybrid. Can set two ears. Very healthy plant. Holds plant health until frost. Best option of the <80 day products for silage.
Harvest	Stands well. Tall enough to handle early snowfall. Dries down well when matured. Consistent top performer across environments. Dent hybrid.

Placement Recommendations

Clay Soils	8 Very Good
Loamy Soils	9 Excellent
Sandy Soils	8 Very Good
Poorly Drained	7 Good
Dryland Performance	8 Very Good
Irrigated Performance	9 Excellent
Corn after Corn	9 Excellent
Late Planting	4 Below Average
High Population	5 Average
Low Population	9 Excellent
Foliar Fungicide	5 Sometimes Needed
NCLB	7 Good
Gray Leaf Spot	5 Average
Common Rust	5 Average
Goss's Wilt	7 Good
Anthraco-nose Stalk Rot	5 Average
Tar Spot	Data Not Available

Lola is a very tough, high-yielding early product.

Characteristics

Flowering for Maturity	Early	Cold Tolerance	9 Excellent
Grainfill Period	Long	Heat Tolerance	9 Excellent
Plant Height (in)	101	Drought Tolerance	9 Durafield
Ear Height (in)	39	Native Insect Tolerance	5 Above Average
Ear Flex	Great	Greensnap	8 Very Good
Ear Length (in)	7	Root Quality	7 Good
Ear Girth	Average	Stalk Quality	7 Good
Kernel Rows	16-18	Fall Appearance	7 Good
Cob Color	Red	Staygreen	7 Good
Husk Cover	Medium	Drydown	5 Average
Emergence/Early Vigor	8 Very Good	Testweight	7 Good
